

Click 'Admin Panel' > 'Emails' > 'Banlist'

- You can configure [Service Desk](#) to reject tickets from certain senders by banning their email address.
- Banned users can still log in to the client portal but they cannot create tickets.
- You can relax the ban on users at anytime

Use the following links for help with related tasks:

- [Open the banned emails interface](#)
- [Add an email address to the ban list](#)
- [Delete email addresses from the ban list](#)

Open the banned emails interface

- Login to ITarian
- Click 'Applications' > 'Service Desk'
- Open the admin panel (see the last link on the left)
- Click 'Emails' > 'Banlist'

The screenshot displays the 'Banned Email Addresses' interface in the Service Desk. The left sidebar shows the navigation menu with 'EMAILS' and 'Banlist' highlighted. The main content area features a table with the following data:

<input type="checkbox"/>	EMAIL ADDRESS ↕	BAN STATUS ↕	DATE ADDED ↕	LAST UPDATED ↕
<input type="checkbox"/>	garrulousgeorge@frontfork.com	Active	02/20/2020 3:51 pm	02/20/2020 3:51 pm
<input type="checkbox"/>	irkingirwin@saddleandpedals.com	Active	02/20/2020 3:51 pm	02/20/2020 3:51 pm
<input checked="" type="checkbox"/>	stingystella@saddleandpedals.com	Passive	02/20/2020 3:51 pm	02/20/2020 3:51 pm

- **Email Address** – The email address of the user. Click the address to edit or update it.
- **Ban Status** – Whether the ban on the user is active on inactive.
 - Select an email address then use the 'Enable' / 'Disable' options at the top to turn the ban on or off.
- **Date added** - The date and time the address was added to the ban list.

- **Last updated** - The date and time the address was most recently edited

Add an email address to the ban list

- Open the admin panel (See the last link on the left)
- Click 'Emails' > 'Banlist'
- Click 'Ban New Email'

Service Desk > Emails > Banlist

Add New Email Address to Ban List

Valid email address required.

Ban Status: * Active Disabled

Email Address: *

Internal Notes: Admin's notes.

[Add](#) [Reset](#) [Cancel](#)

Ban Status:

- **Active** – Service Desk rejects tickets and mails from this user.
- **Disabled** – Service Desk allows tickets and mails from this user.

Email Address: The email address of the user concerned.

Click the 'Add' button when you have completed all the fields.

Delete email addresses from the ban list

Removing an email address from the list will automatically lift the ban on the user.

- Open the admin panel (See the last link on the left)
- Click 'Emails' > 'Banlist'
- Select the email addresses you want to remove
- Click 'Delete'
