

This feature allows admin to filter the notifications generated in Endpoint Manager as per their need. Please refer below steps to use it effectively.

Step 1: Go to Endpoint Manager→DASHBOARD → Notifications to see all the notifications generated in Endpoint Manager.

TYPE	MESSAGE	RECEIVED
✓	The new report has been saved as «Default Profiles 2018-06-28 11-02 AM.csv»	2018/06/28 11:02:39 AM
✓	DESKTOP-C62PCLS: package «COMODO Client - Security v. 10.7.0.6851» was successfully installed	2018/06/27 12:13:21 PM
✓	Star-Bryani: package «COMODO Client - Security v. 10.7.0.6851» was successfully installed	2018/06/27 10:45:07 AM

✓	Star-Bryani: package «COMODO Client - Security v. 10.7.0.6845» was successfully installed	2018/06/26 04:33:59 PM

Step 2: Click "Table filter" as shown below. The notifications can be filtered using their **Type** or **Message** or **Received Date**.

Step [3]: Filtering options

a) Types - There are five types available in the filtering options. They are explained as below

i)Success - This type will list all the successful activities of **Endpoint Manager** and it is notified by a green tick mark.

ii)Warning - If any warning event occurs in Endpoint Manager, in notification bar it is notified by a yellow color mark.

iii) Error - If an error is received, it is notified by a red alert mark.

iv) Blocker - When a blocker is found out by the Endpoint Manager, it is notified by the yellow color in the

notifications.

v)Support - If any support is provided from Endpoint Manager, it is notified by the yellow color mark.

b) Message

Type the Message to filter the appropriate notifications as shown below.

c) Received

Type the **Start date** and **End date** to filter notifications from a particular period of their Received time.

For Example, A sample filter is given below.

The screenshot shows the TARIAN MSP Endpoint Manager interface. The left sidebar contains navigation links: DASHBOARD, Audit, Compliance, Valkyrie, Reports, Notifications, Audit Logs, DEVICES, USERS, CONFIGURATION TEMPLATES, APPLICATION STORE, APPLICATIONS, SECURITY SUB-SYSTEMS, and SETTINGS. The main content area is titled 'Notifications' and displays a list of notifications. The right sidebar shows filter options: Type (Success, Warning, Error, Blocker, Support), Message (report), and Received dates (2018/06/25 to 2018/06/28). A '3 filters Apply' button is visible.

After applying a filter, it will list the filtered notifications.

The screenshot shows the TARIAN MSP Endpoint Manager interface after applying filters. The left sidebar is the same as the previous screenshot. The main content area displays a list of filtered notifications. The right sidebar shows filter options: Type (Success), Message (report), and Received dates (2018/06/25 to 2018/06/28). The bottom of the page shows 'Results per page: 20' and 'Displaying 1-10 of 10 results'.
