- [The quick actions menu](#)

## The quick actions bar

- Login to ITarian

The quick actions bar has the following buttons:

**Enroll New Device** - Starts the wizard to add new devices to Endpoint Manager. See [this wiki](#) for help with this.

**New Ticket** - Create a support ticket in Service Desk on behalf of a user. See [this wiki](#) for more help.

**New Customer** - Add a client organization to your MSP company (applies only to MSPs). See [this page](#) for more help.

**Enroll Devices in bulk** - Add devices by downloading the client installation package then installing it on target devices.

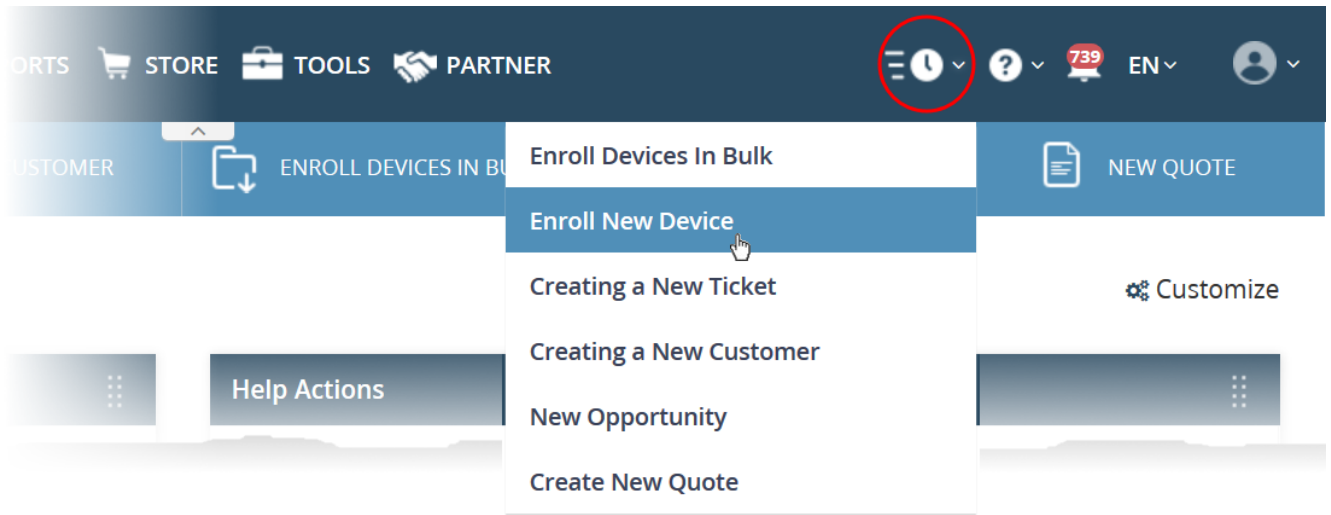

- See [this page](#) for help to manually download and install the packages on devices.
- See [this wiki](#) for help to enroll Windows devices direct from Active Directory

**New Opportunity** - Create a sales opportunity in the customer relationship management module (CRM). See [this wiki](#) for more help.

**New Quote** - Create a professional quote for your products and services that you can send to customers. See [this page](#) for more help.

## The quick actions menu

- Login to ITarian
- Click the clock icon in the menu bar:

- The quick actions menu contains shortcuts similar to the quick actions bar.
- See [above](#) for descriptions of the shortcuts
- You can access the menu from any ITarian module unless the menu bar is collapsed.
