

Open Endpoint Manager > click 'Applications' > 'Patch Management'.

- Endpoint Manager features help videos that guide you on various patch management tasks
- You can view them from the patch management interface

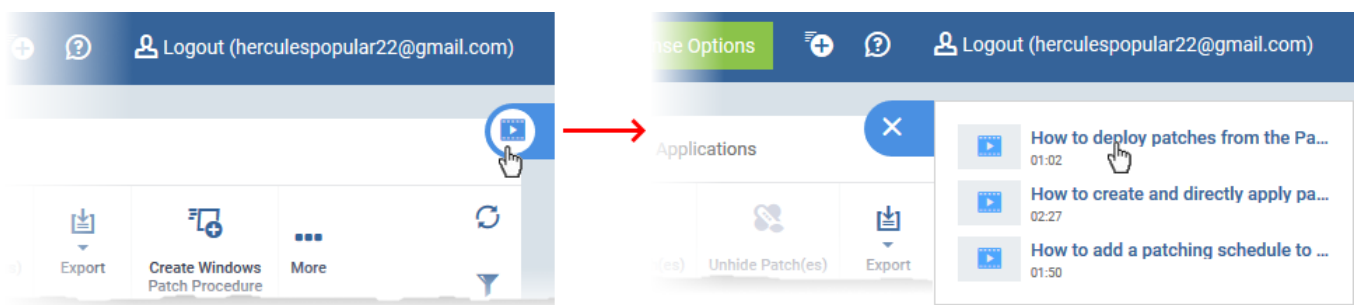

Open the videos

- Login to ITarian
- Click 'Applications' > 'Endpoint Manager'
- Click 'Applications' on the left then 'Patch Management'

The screenshot shows the 'Endpoint Manager' interface. The left sidebar contains a navigation menu with items like DASHBOARD, DEVICES, USERS, CONFIGURATION TEMPLATES, NETWORK MANAGEMENT, APPLICATION STORE, APPLICATIONS, SECURITY SUB-SYSTEMS, LICENSE MANAGEMENT, and SETTINGS. The 'APPLICATIONS' section is expanded, showing 'Patch Management' as the selected option. The main content area is titled 'Patch Management / Operating System' and includes a search bar, a list of groups, and a table of patches. A red circle highlights a help icon (a blue square with a white play button) in the top right corner of the main area.

- Click the slider at top-right
- It contains links to help videos on various patch management tasks:

The screenshot shows a help video pop-up window. The window is titled 'Applications' and lists three videos: 'How to deploy patches from the Pa...', 'How to create and directly apply pa...', and 'How to add a patching schedule to ...'. A red arrow points from the help icon in the previous screenshot to this pop-up window.

- Select the task you need help with.

The video plays in a pop-up window:
