View release notes

- Login to ITarian
- Scroll to the bottom of the dashboard
- Click the version number in the footer:

The menu page shows release notes for all previously released versions, with the current version at the top.

- Click the arrows on the right to view the full notes for the version:

View announcements

- Login to ITarian

The orange banner at the top shows announcements about upcoming releases and scheduled outages:

- Click the banner to view the full announcement.
